Congratulations CCI Graduates!

The CCI graduates of the ABC of Wisconsin Apprenticeship program should be as proud of their accomplishments as we are of them. They have dedicated the past 2 - 4 years of their lives attending school at night to reach their goal of craft professional. Not only have they taken time from family, friends, and self to be at class every week; they have sacrificed and studied to become the best in their trade. Now, the investment made into their future will serve as a solid foundation for future success!

The graduates were honored at a banquet on Friday, May 21st at the Kalahari Resort in the Wisconsin Dells.

Well Done and Congratulations!

Andy Maurizzi - Construction Craft Laborer
Brian Szilagyi - Heavy Equipment Operator
Bryan Menz - Carpentry
Homer Auge - Roofing
Marcus Kinsey - Carpentry

The ABC of Wisconsin Apprenticeship is a formal training program that combines on-the-job training with classroom instruction. The purpose of the program is to provide the apprentice with a comprehensive knowledge of the trade. While each program varies in length and requirements, the outcome is the same – increased knowledge and skill, both of which will lead to a safer, more productive industry.
